## Damian Moore: Biography

Going solo in 2023, former National Hum frontman **Damian Moore** is a Canadian Indi-Punk maverick known for his hooky guitar riffs and catchy songs. He mixes heavy guitars and punk sensibilities with pretty melodies, delivering instantly memorable post-punk anthems. He is currently in the studio recording his next single and gearing up the band for the festival season. Tour dates to be announced.

"**Damian Moore** draws on the full alt-rock tradition. From Area 51 aliens to Burroughs shooting apples in the desert, from Bowie to Venom, it's all here in the soul of a poet."

## New Release: Physical Science (EP)

### Physical Science (EP)

Damian Moore's latest EP is a collection of catchy Indi-Pop songs drawing influence from Glam, Punk, New Wave and Grunge.

- 1) Physical Science**  
An uptempo, Glam-Disco-Punk song about getting it on in outer-space.
- 2) Downtown Mary Mary**  
An 80's New Wave Pop song about a young lady trapped in a cycle of poverty, trying to get by in the Big City.
- 3) Sailor Sailor**  
A riff-heavy Grunge song about mental illness and homelessness.
